Cloud Computing

Blaine Nye

Founder, LooseHead Software, Inc.
Redwood City

Summary

Create mobile applications that provide genuine utility to real people.

Specialties: End-to-end software development: rich mobile clients and their supporting server architecture

Experience

LooseHead Software

Owner

January 2005 - Present (16 years 1 month)

I am responsible for full technical stack for LooseHead Software as well as procuring new projects and support service clients.

Stanford Consulting Group

Vice President, Software

2003 - 2004 (1 year)

I am essentially the CIO and CTO of Stanford Consulting Group. I am responsible for planning, implementing and maintaining the IT infrastructure as well as for development of internal software tools to enhance business operations and development.

Telecommunication Systems, Inc.

Senior Computer Systems Developer

2000 - 2003 (3 years)

I was responsible for the development of software integrated telecommunication carrier networks and applications for clients such as Verizon, Vodafone, and AT&T.

US Air Force

Captain, Systems Acquisition

1992 - 1998 (6 years)

I was responsible for defining the specifications for software maintenance agreements with IBM and Lockheed Martin Missiles and Space. I also was responsible for the negotiation of labor rates for support employees.

Education

Santa Clara University

MS, Computer Engineering · (1997 - 1999)

United States Air Force Academy

BS, Economics · (1988 - 1992)
